Información adicional

To prepare for the upcoming summer semester 2019 please find [general information on student exchange](#).

Registrations

Your students will receive a link for registration after the nomination deadline. Please point out that there is an application deadline for the registration.

Deadlines for student applications:

- for Summer Semester (March - July): **1st December**
- for Winter Semester (September - February): 1st June

For a succesful registration, the students need to prepare their Learning Agreement, Scan of ID/ passport and their health insurance proof. They have to upload it along with the online registration.

Accomodation

We recommend all international exchange students to apply for a student room in a

<http://fccee.ugr.es/>

dorm. The room situation in Regensburg for students is really difficult at the moment. Additionally, they need to fill out an application form for accommodation.

[More information.](#)

COURSES IN ENGLISH AND GERMAN - LANGUAGE REQUIREMENTS

OTH offers a broad list of courses taught in **English**. They are published some weeks before the new semester start. For orientation, the students can fill out their learning agreements looking at the course offer of Summer semester 2018. The courses can be found here:

- <https://www.oth-regensburg.de/en/international/incoming-students/courses-in-english.html>

The required level of English is therefore B2. If students study courses in **German language**, we also recommend a level of minimum B2 to successfully complete their semester here at OTH.

Course overview can be found here:

- <https://www.oth-regensburg.de/en/study/course-overview.html>

Students are also allowed to take courses from different faculties!

GERMAN LANGUAGE COURSES

We offer German languages courses at all levels free of charge during the semester. The students will receive further information as soon as they are accepted.

ARRIVAL AND ORIENTATION WEEKS

It is compulsory that incoming students arrive by the beginning of March for the summer semester and beginning of September for the winter semester.

We will offer many events, obligatory meetings and a colourful programme for the exchange students during the first weeks.

The exact days will be published after the registration of the students.
