For all academic matters, you will better contact your referent in each schools/faculties:

## **FRENCH AND ENGLISH TAUGHT CLASSES**

An adequate knowledge of the French language may be required as classes are mainly taught in French. The university also proposes, but only for Erasmus exchange students, classes of French as a Foreign Language (FLE) for free. Students will have to register as soon as they arrive in Clermont-Ferrand. More details will be given to selected students.

UCA also proposes a vast range of courses taught in English, our catalogue is online:

- <https://www.uca.fr/apertura-internacional/oferta-de-cursos-y-titulos-internacionales/>

## **ACCOMODATION**

Students will have the opportunity to book a room at the CROUS (dorms). If they are interested, they will have to complete the reservation form online, sign it and upload it. Please note that contracts for campus accommodation are based on academic dates and it is not possible to change or adapt them. Once the student have accepted and signed the document, it is not possible to amend the contract.

We have a certain number of rooms in students residences to propose, they are small but clean and cheap. But in all cases it is also quite possible to rent a larger studio in a private residence, that will cost a maximum of 250 euros after the government's refund (to all students and generally speaking to low income people).

## **ARRIVAL AND WELCOME DAY**

It is compulsory that incoming students arrive by the beginning of September for the entire academic year and the first/fall semester (S1) and by the beginning of January for the second/spring semester (S2). A « Welcome Day » will be organised, the dates and programme will be directly communicated to your selected students in June.

More Info

We have pleasure in attaching details about our International Business with French programme which is available to your students within our exchange agreement.

This programme is taught entirely in English and gives students the opportunity to

<http://fccee.ugr.es/>

get to know the French language and the way of life here in France.

The programme has a wide variety of classes available, not just business classes, and can be of interest to students from many disciplines looking for an international dimension to their studies.

Students can attend for **one or two semesters**. Students who successfully complete two semesters will be awarded our **Diploma in International Business with French**.

Within our exchange agreement, there are **no tuition fees** and applications may be made in the usual manner.

The Fall semester goes from early September to mid-December and the Spring semester starts early February through to the end of May.

Feel free to contact Geoffrey HEELS for any further information : @email
