

programmes are a component (minor or semester) of the bachelor programme [International Business (IB)]. The total workload for each programme is 30 ECTS credits, duration is 1 semester. All courses have to be taken in order to achieve the full credits. It is not possible to combine courses from different programmes. Please find more information on each programme and practical information (accommodation, insurance, visa, residence permit and financial matters) via the links below:

? [Digital Business Practices \(IB minor\)](#)

The application process is done via an online programme called Mobility Online. Nominated students have to make an account in this programme and follow their workflow, which instructs the student in each step of the application and provides the forms of the necessary documents. Please keep in mind that all students need to be nominated by you first before they can start the online application procedure. You can send the nominations to [@email](#). Once Fontys has received your nominations, we will send the students a link to Mobility Online.

Deadlines Spring semester

Sending your nominations: **30 April**

Application in Mobility Online: **15 May**

Practical information

On each exchange programme page, you will find information about accommodation, visa, residence permit and financial matters. We advise you to read all the information carefully. The [Fontys Student Guide](#) offers you also some practical information that will help you on your way. It gives you information about Fontys, but also about preparing your trip, about the Netherlands, about Eindhoven and anything else that might be worthwhile for you to look into. The next links might also be interesting for typical information on living in the Netherlands:
